

The steps below are for setting up AmazonSmile on your phone or tablet for the first time. If you've set it up in the past, the steps should be similar but you may see slightly different screens at Step 6. The images below are from an iPhone, the steps should be similar for Android phones.

Step 1:
Open the Amazon app on your device

Step 2:
Tap / select the "hamburger" icon (stack of three lines)

After selecting the hamburger, you should see a view like this with several tiles

Step 3:
Scroll all the way to the bottom, past the tiles until you can see selection bars for Settings and Customer Service

Step 4:
Select Settings

Step 5:
Within the Settings options, select AmazonSmile
